

TrueNAS

TRUE DATA FREEDOM

Don't miss your chance to score the latest all-NVMe TrueNAS R30 Cluster for a special price this quarter, offering 15 x 15 TB NVMe drives (that's 225 TB of raw capacity!) across three 1U rackmount appliances. These systems are optimized for TrueNAS SCALE and are perfect for high-performance workloads, like video editing and a variety of other use cases. Once you're ready to expand your storage, easily add up to 10 additional drives on each appliance or scale out to additional systems with TrueNAS SCALE.

This special is only available for a limited time and ends **Jun 23, 2023**. Click the link below to view the offer and learn how these high-uptime systems can meet your needs at a much lower price compared to other NVMe clusters of **\$74,700**.
